

## **AMPC Safety Spotlight event**

Join us in Melbourne, from 25 - 26 March 2025, for the AMPC Safety Spotlight.

Red meat processors from all over Australia will come together to experience cutting-edge safety innovations and technologies showcased by leading research and development providers.

The event will be hosted at Crown Promenade, Southbank Melbourne.

The AMPC Safety Awards will recognise leading-edge safety programs or product development across the red meat processing industry. The Award categories will encourage members, providers, and other stakeholders the opportunity to showcase their safety initiatives.

Further information on how to enter can be found here https://www.ampc.com.au/news-events/events/ampc-safety-awards
